SUPERVISORY PATENT EXAMINER

Examiner Note: You must sign this form unless it is an Attachment to a signed Office action.

Examiner's signature, if required

The examiner agreed that the references used in the rejection do not appear to teach applicant's proposed amendment to claim 1 by further including "in response to engaging the electronic pen with the computer display object, determining the height of the computer displayed object and automatically setting the electronic ink height of the electronic pen to the determined height", however, a closer inspection of the reference(s) is required. Claim 45 was discussed in brief, but no agreement was further reached. Applicant is reminded that the Interview is not a formal response to the Office action.
